

WIS 20/83 Reconstruction Project

Racine County

Spring 2019

Road Closure Update:

On Friday April 19, there will be a full closure of Highway 20/83, just to the west of Rivermoor Road. This closure will begin at 8:00am and will last until 5:00pm.

During this time, this portion of the road will not be passable, as the contractor will be working on the removal of an existing box culvert, and the installation of 3 culvert pipes.

Detour:

- County W (Buena Park Road and Front Street) to County D (Main Street) to WIS 36
- WIS 36 to County D (Main Street) to County W (Buena Park Road and Front Street)

Project Brief:

The Wisconsin Department of Transportation (WisDOT) is underway with the reconstruction of WIS 20/83 (Main Street / 1st Street / Beck Drive) in Waterford. Work includes complete roadway and sidewalk reconstruction, as well as the reconstruction of the bridge over the Fox River.

What To Expect:

- Main Street - from Milwaukee Street to Jefferson Street - will remain open to traffic by being reconstructed in stages. This includes reconstructing the bridge over the Fox River in phases to help keep it open at all times. With this segment open, it will help connect motorists to nearby local streets on both sides of the river. No Parking will be in effect along this portion of the project.
- Main Street - from Jefferson Street to Buena Park Road are closed to through traffic.
- 1st Street / Beck Drive - from Main Street to WIS 36 - will be closed to through traffic, and work is anticipated to begin in the spring.
- Access for local residents and businesses will be maintained throughout the project.
- The intersection of Buena Park Road and Main Street will remain open to traffic by being reconstructed in stages.
- Reconstruction will require periodic closures of side streets throughout the project. Notice will be provided for road closures with no two consecutive side streets being closed at the same time.
