Monday Night Clinic

Start Time 5:00 pm

Tuesday Night Clinic

Start Time 5:00pm

Clinics end and play starts

@ 6:00 pm

This lesson and play program is perfect for the golfer looking to grow their game, socialize with peers and play golf in a pressure free environment. The format each week will be one hour of modified group lessons, followed by as many holes as you would like to play. Lessons will start promptly at 5:00 PM covering a different topic each week, including all parts of the golf swing, short game, sand play, etiquette, the mental game, on course lessons and of course the driver! Golf will start at 6:00 PM shotgun style with three foursomes per night. This will be a pressure free learning league so score keeping is not required but encouraged! In the event of rain, please call the proshop at 262.534.2500 to see if the lesson is on for the given evening. If a night is rained out, rain dates will be scheduled to make sure each topic is covered. If you are unable to make it on a given night, a credit slip will be given, good for a 9 hole greens fee with cart (up to two vouchers will be given, one for each half of the 8 weeks.) As an added bonus, your first drink is on us! Each participant will be given a free drink voucher each night, good for any rail cocktail, domestic beer, or soda.

***Each Session has a maximum number of 24 participants. (12 per Instructor) Sign up today!**

Week	Group Lesson Topic
Week one May 20 th or 21 st	Get acquainted this week, go over the lesson format and learn the proper grip, posture, and set up. We will play a scramble this week.
Week two May 27 th or 28 th	This week we will learn how to take the club away on the correct path and maintain posture while making a correct weight transfer. Golfers will be playing a scramble this week.
Week three June 3 rd or 4 th	This week we will focus on the down swing, keeping the club on plane from the top all the way through impact. All while transferring weight back towards the ball. On course golfers will be encouraged to keep score this week.
Week Four June 10 th or 11 th	This week we will stress turning through the golf ball and maintain a proper balanced finish position while maximizing available hip turn. Scramble on course this week.
Week five June 17 th or 18 th	This week we focus on the short shots around the green; pitching, chipping. How to maintain wrist control while using the big muscles to hit the shots. Scramble this week.
Week six June 24 th or 25 th	This week is all about the flat stick and sand play. How to roll the ball consistently on the putting green and how to hit those dreaded bunker shots.
Week of July 1 st or 2 nd	<u>NO GOLF 4th of July week</u>
Week seven July 8 th or 9 th	This is the week you've all been waiting for, it's finally time to let the big dog eat! We will be working on drivers and metal woods this week.
Week Eight July 15 th or 16 th	This week is the last week, featuring an all on course lesson, I will be on the course with you in real world situations showing you how to think your way around the course and helping make shot decisions. On course golfers will be encouraged to keep score this week. <u>We will meet at 6:00pm for the play/lesson.</u>
Rain date July 22 nd or 23 rd	If a day gets rained out we will make up that lesson tonight. Possible end of year banquet night. Banquet will consist of dinner and a scramble.
Rain date July 29 th or 30 th	If a day gets rained out we will make up that lesson tonight. Possible end of year banquet night. Banquet will consist of dinner and a scramble.
